EXPERIENCE

JUNIOR FRONT-END DEVELOPER - CONTRACTUAL

Media Meter Inc.   Dec 2024 - Mar 2025

- Implemented new feature enhancements and UI improvements for existing company web applications.
- Developed new modules for the internal admin dashboard using React, Vite, and TypeScript.
- Integrated RESTful APIs into dynamic frontend components to enable seamless communication with the backend.
- Gained practical experience using TypeScript in a production codebase and followed best practices for scalable front-end development.
- Collaborated with the engineering team to debug, test, and deploy updates across staging and production environments.

FULL STACK DEVELOPER - INTERNSHIP

Creciendo Philippines   Feb 2024 - July 2024

- Collaborated with a team to develop a Human Resource Information and Payroll System, contributing to both front-end and back-end functionality.
- Built new modules for the system using Next.js, TailwindCSS, Node.js, and MongoDB, focusing on CRUD operations and clean UI design.
- Led the revamp of the company's official landing page/website, handling the design and full development process using Next.js and TailwindCSS.

EDUCATION

TECHNOLOGICAL INSTITUTE OF THE PHILIPPINES - QUEZON CITY

Bachelor of Science in Information Technology   2020 - 2024

Awards: w/ Distinction
Specialization: Cyber Security

PROJECTS

CRECIENDO PHILIPPINES COMPANY WEBSITE REBUILD

- Redesigned and developed the company's official landing page using Next.js and TailwindCSS.
- Improved load time, user experience, and company branding through a modern, mobile-first UI.

LINGOLINGO: MANDARIN LANGUAGE LEARNING GAME

- Implemented custom word-matching algorithm logic to support Mandarin vocabulary learning.
- Designed interactive UI, 3D environments, and multiple difficulty levels to improve engagement.
